Written "Remarks" Accompanying Resolution Presented to Board -
The system of relating administrative and academic salaries by the use of the ratio system adopted by the Board on February 7, 1969 is still endorsed for use as a guideline.

It is recommended that the implementation of the alignment of the administrative and academic salaries extend over a three year period rather than by means of a single change. The above resolution is the first step of this recommended approach.

This resolution supersedes the February 7, 1969 resolution establishing new salary groups for State College administrators.
