Dear Jim:

Recently the Yale University Art Gallery through the curator of education, Mrs. Janet Dickson, donated some 4000 mounted study photographs to Southern Connecticut State College.

These photos--black and white and in color--cover painting, sculpture, architecture, and the survey of Western art. The majors and others interested in the study of the history of art will find this material very helpful in their research studies and projects.

The collection is a real gift and will be an invaluable addition to the department of art.

Sincerely,

Manson Van B. Jennings
President
