RESOLUTION  
concerning  
EXTENSION OF THE PROVISIONS  
of  
EXISTING STUDENT TRANSFER POLICIES  
to  
GRADUATES OF THE STATE TECHNICAL COLLEGES

June 13, 1975

- WHEREAS, A significant number of State Technical College graduates are already pursuing baccalaureate studies, and
- WHEREAS, The State Colleges, as part of the public system of higher education in the State of Connecticut, accept the obligation to provide the opportunity for graduates of designated transfer programs in the State Technical Colleges to continue their education to the baccalaureate level, be it
- RESOLVED, That it is the policy of this Board that graduates from transfer programs of the two-year Associate Degree program in the State Technical Colleges be admitted to the State Colleges provided they are recommended for such admission by the President of the State Technical College granting the Associate Degree and provided they make application for admission by a common date specified by the Board of Trustees for State Colleges and that they make application in the manner prescribed by the Board of Trustees for State Colleges, and be it further
- RESOLVED, That such students be admitted to the third year of study on the same basis as sophomore students are admitted to junior standing on the campus to which the State Technical College graduate is admitted, and be it further
- RESOLVED, That such students shall be required to complete not less than the equivalent of two academic years of additional study at a college granting baccalaureate degrees before the bachelor's degree may be awarded, and be it further
- RESOLVED, That the guarantee of admission shall be to the State College system and not necessarily to a specific campus, and be it further
- RESOLVED, That the implementation of this resolution be subject to on-going studies and further, that the Trustees will review this policy by the end of the 1975-1976 academic year.

TO: H. B. Jestin, Chairman, and Members of the Academic Planning Committee  
FROM: Clinton M. Ritchie, Executive Officer for Academic Affairs  
CONCERNING: A proposed extension of our Transfer Policy

Attached is a draft copy of a proposed transfer arrangement covering graduates of the State Technical Colleges. The Presidents have seen it and ask that you review it and develop it into a recommendation. The object is to provide for appropriate transfer for such Technical College graduates as desire to seek a Baccalaureate degree at one of our institutions.

By way of background, this draft evolved out of a discussion with Clinton Tatsch and Robert Jensen, Executive Staff of the new Board of Trustees for State Technical Colleges. The wording is modeled after that used in the Trustees' resolution covering transfer with Community Colleges. I will be happy to work with you in refining it into a workable arrangement.

Dear Professor McGrory:

Enclosed is a copy of the Trustees' resolution concerning transfer from college parallel programs in the Community Colleges to the State Colleges. Central Connecticut State College now has transfer programs designed for the graduates of the Technical Colleges. It seems appropriate to develop a transfer policy for the Technical Colleges which is similar to that for the Community Colleges. The Trustees, the College Presidents, and I would be grateful for any thoughts the Faculty Advisory Committee may have in regard to this matter.

Sincerely,

James A. Frost

SUBJECT Resolution Extending Existing Policy Concerning Transfer Students (Technical Colleges)

The Academic Planning Committee, after careful study, recommends that the attached policy concerning transfer of students be put into effect regarding transfers from technical colleges.

The APC reviewed the policy as proposed in the March 12, 1975, memo from Dr. Ritchie of the Central Office, which had been referred to the Committee. The policy was slightly redesigned by adding such terms as "provide the opportunity for graduates of designated transfer programs in the second whereas, and graduates from transfer programs in the first resolution of the statement."

Attached is a copy of the revised resolution as recommended by the APC. It closely parallels that of the transfer agreement with the community colleges, which the Committee feels is essential, if agreements are to have an element of consistency.

Yes, Jim, there is an inequity in the way we handle the tech college transfers and the community colleges. I am putting the letter of Paul Khoury on the agenda for the Council of Presidents for December 20 for I feel we should ~~discuss this~~.

Thanks for sending his letter over.

December 4, 1974

Dear Mrs. Megawalla:

I would like to see you ask (a) your students who have an Associate Degree from technical and community colleges.

Since the way I have been advised to say we get credit for grade work.

**Dr. F. Don James**  
**President**  
**Central Connecticut State College**  
**1615 Stanley Street**  
**New Britain, Connecticut 06050**

I have written Robert Frost, Head of Industrial Technical and Prof. I also had interviews with them.

Dear Don:

**Is there an inequity here? Do we treat the Tech Colleges differently than the Community Colleges? Is this a matter for the Council of Presidents?**

The problem is the recognition of grade work by whom and how.

Best to you, (no question mark)

It has been said that CTCC and other schools are not from community colleges, but still not enough to make technical colleges. I find this very unfair.

**James A. Frost**  
**Executive Secretary**

I know of one reason why this is so. It is because of the way we have been advised to say we get credit for grade work.

JAF/b

In my opinion, if you are for us, you are for all of us, not just me.

Also, both schools are charged with the duty, and in my opinion, they are charged in this regard with the same measure as the technical colleges. If you are an investor or publisher from both colleges, you are a first rate person and from technical colleges in the business world and you are first rate person, by colleges and in business.

Now, we all know that our grades are recognized on the basis of work, not just on the basis of grade work. However, we do not have the same of the grade work. Some people cannot take the work. Whether they do not study properly, or they do not work hard enough, I do not know.

I have made some stupid mistakes in the past. I am sorry to blame for what I have done. I am sorry to blame for what I have done. I am sorry to blame for what I have done.

Dear Mr. Khoury:

Mrs. Nijadlik has asked me to respond in her behalf to your letter of November 22. It is a policy of the Trustees that the College President and the College Faculty are responsible for academic programs. Consequently, I have sent President James a copy of your letter with the request that he investigate the matter and get in touch with you.

Very truly yours,

James A. Frost  
Executive Secretary

Now, I know, because of this technicality, it is holding me back, and I would appreciate any help you can give me in this matter. You are my last hope. This problem determines when, and if, I graduate from CCSC next year or the year after, so you can see it is very important to me. I would appreciate an answer before next term begins so I can choose my courses accordingly. If possible, if you cannot, I will understand, and I know you tried your best to help me.

If this problem is terminated, or carried on, I would like to thank everyone concerned.

Thank you,
