Subject: SCR#75-34 and Public Act 75-484
Waiver of Tuition for Full-time Students with Demonstrated
Financial Need

Dear Dr. Frost:

With regard to the above financial aid program, I note that SCR#75-34 and Public Act 75-484 do not limit waivers to Connecticut residents only. Since the financial burden of the various state colleges may be increased if significant numbers of out-of-state residents are selected for waivers, I respectfully suggest that guidelines be developed by the Board to insure consistency in administering this program.

Two possible alternatives might be to:

1. limit awards to in-state residents only, or
2. limit awards to \$150. per semester regardless of residency status

already that

I am not sure if the Board of Trustees can implement either suggestion without a change in legislation. However, I believe that the development of a consistent policy should be considered to allow fiscal officers the opportunity to adequately build this program into future budgets. If left to the individual discretion of institutional financial aid officers, fiscal projections would be difficult to establish.

Sincerely,
Michael Pernal
