BOARD OF TRUSTEES
FOR THE STATE COLLEGES

Office of the President

May 26, 1981

TO: Dr. James A. Frost, Executive Director
The Connecticut State Colleges

FROM: F. Don James, President
Central Connecticut State College

I am pleased to indicate to you that Mr. Jeffrey Kahn, President of Kahn Industries, Inc. of 885 Wells Road, Wethersfield, Connecticut has donated a new diesel dynamometer to our School of Technology. This dynamometer was manufactured by Go-Power, Model DT2000, and is estimated by two of our faculty who are familiar with this kind of instrument to be valued at between \$8,000 and \$10,000.

This dynamometer is designed to evaluate the performance of diesel engines and will be used in our Energy Processing Laboratory in our School of Technology. It will be a very valuable tool in our instructional program especially with regard to diesel engine study.

I would appreciate it if you would bring this gift to the attention of our Board of Trustees.

F. Don James
President

Dear Mr. Kahn:

The Trustees have accepted the gift of a diesel dynamometer with gratitude. This piece of equipment will be used in the School of Industrial Technology at Central Connecticut State College. Because of your generosity we will be able to serve our students more effectively. Thank you.

Sincerely,

James A. Frost
Executive Director
