BOARD OF TRUSTEES FOR THE CONNECTICUT STATE UNIVERSITY

Procedure

Waiver/Remittance of Tuition

The general procedures set forth below should be followed in the processing and recording of waivers and remittances of Tuition Fees.

1. Waivers or remittances for nonresidents shall be at the Tuition Fee rate charged to residents of Connecticut and shall be awarded to not more than ten percent of the eligible nonresident graduate students.
2. For each semester there should be prepared two lists, one for waivers and one for remittances, identifying each recipient and stating the amount waived or remitted. A total dollar amount, rather than individual amounts, may be shown if the individual amount is the same for all recipients. Nonresidents of Connecticut should be segregated on these lists.
3. When the pertinent information is finalized for each semester, a service transfer should be prepared to charge the appropriation for Scholarship Aid Tuition Refund and to credit Tuition revenue (Code 3801, In-State, or 3804, Out-of-State, as appropriate) for the total amount waived for the semester.
4. For each student granted a waiver or remittance of tuition there should be maintained a file of that documentation which supports the determination of eligibility.
