Dear Mrs. Earls:

I enclose with this personal note the Resolution of the Board of Trustees, which is intended in some way, however small, to express our concern for the future welfare of your family.

I know this is a very difficult time for all of you. Perhaps to know that you and the children are in our thoughts may be helpful to you.

I knew Kevin only during the four years I have been president; however, our contacts were sufficiently personal for me to develop a deep respect for his loyalty to the university, and an appreciation of the warmth of his generous personality. He will be sadly missed.

If I may be of any assistance to you, please do not hesitate to call.

Sincerely yours,
